Copper Cliff Curling Club

Club Reopening

The entire club has been scrubbed down from lockers to lounge areas. All rugs, chairs, floors and counters have been washed and sterilized for everyone's safety. Plexiglass has been installed at the entrance and will soon be installed at the bar for the protection of all volunteers and members.

A complete reopening safety protocol will be finalized shortly to include our traffic flow, mask requirements, cleaning schedule and other safety measures so that we can all be on the ice for a safe and enjoyable season.

Registration Nights

There will be 3 registration nights at the club. You will also be able to register and pay online. Stay tuned to our Facebook page to see when online registration is open.

Registration Nights:

Thursday October 1, 2020

Thursday October 8, 2020

Wednesday October 21 2020

Thursday, October 1st 4:00 pm - 7:30 pm

Ice-Making Plant Update

Our new plant has been installed and the final pressure test is on Thursday so that Jerry can begin his installation Friday for this season. Pictures below of some of the new equipment.

Kitchen

Thank you to Bianco's for the new kitchen equipment: a dishwasher, a range and 2 microwaves!
